Career counseling in a case of sexual identity change: Jackie/Jack, *102*
Addressing concurrent transsexuality, disability, and career-related problems: The case of Jackie/Jack, *108*
Career reevaluation: The case of Justin, *295*
Brilliance and burnout: The case of Justin, *298*
Coping with the fear of failure: The case of Justin, *302*

Career Counseling with Special Groups

Reliability and utility of MVS for a psychiatric population, *70*
Back problems and a new life direction: The case of Jackie/Jack, *99*
Adult children of alcoholics and chronic career indecision, *118*
Vocational development of persons with disability, *269*
Characteristics and needs of vocationally talented high school students, *355*

Career Issues

Reader reactions to the *Vocational Guidance Quarterly*, *17*
Implementing career education: Barriers and potential solutions, *22*
The need for congruence between within-occupation interests and specialty in mid-career, *63*
Career change in academia: A retrainee's worst fears, *113*
The career cycle meets the life cycle, *127*
What happens to the early retiree?, *184*
American farmers: Workers in transition, *240*
Vocational development of persons with disability, *269*
Career reevaluation: The case of Justin, *295*
Changing careers: A qualitative study, *316*
Job stress: An opportunity for professional growth, *306*
Using secondary school behaviors to predict career behaviors in young adulthood: Does "success" breed "success"?, *345*

Computers and Career Services

Effects of DISCOVER on career self-efficacy and decision making of undergraduates, *56*

Computer and video applications in career services programs, *177*

Program Description

Follow-up of a pre-college program for minority and disadvantaged students, *40*
Computer and video applications in career services programs, *177*
Application of the 4MAT model to career guidance, *280*

Research and Evaluation

Effects of DISCOVER on career self-efficacy and decision making of undergraduates, *56*
The need for congruence between within-occupation interests and specialty in mid-career, *63*
Reliability and utility of MVS for a psychiatric population, *70*
Post partum work intentions among Black and White college women, *149*
Hispanic employment and the Holland typology of work, *257*
Changing careers: A qualitative study, *316*
A comparison between the SDS and the Career Key among career undecided college students, *334*
Using secondary school behaviors to predict career behaviors in young adulthood: Does "success" breed "success"?, *345*
An examination of the work values of parents and their children, *365*

Retirement

What happens to the early retiree?, *184*
Do Americans plan for retirement? Some recent trends, *232*

Social Context

Poverty and its manifestations: The case of Jessie, *5*
The effects of marital status and motherhood on the career concerns of reentry women, *46*
The career cycle meets the life cycle, *127*
Work as enactment of family drama, *138*
Post partum work intentions among Black and White college women, *149*
Job satisfaction of married, divorced, and single working women in a medical setting, *165*
Women clerical workers: Sex-role socialization, work attitudes, and values, *249*
An examination of the work values of parents and their children, *365*

Women and Minority Persons

Follow-up of a pre-college program for minority and disadvantaged students, *40*
The effects of marital status and motherhood on the career concerns of reentry women, *46*
Job satisfaction of married, divorced, and single working women in a medical setting, *165*
The career status of women and minority persons: A 20-year retrospective, *202*
A challenge to grow: Reaction to Hoyt's article, *213*
Needed: A career development advocate, *218*
Hispanic employment and the Holland typology of work, *257*
Women clerical workers: Sex-role socialization, work attitudes, and values, *249*

World of Work

The changing workforce: A review of projections—1986 to 2000, *31*
Work shadowing and work-related learning, *78*
The career status of women and minority persons: A 20-year retrospective, *202*
A challenge to grow: Reaction to Hoyt's article, *213*
Needed: A career development advocate, *218*
Job stress: An opportunity for professional growth, *306*
